Tutorials and Training
Atomic Learning

Visit the Atomic Learning training site to get quick access to training videos on a wide variety of topics. It includes a very extensive library of video training for different subjects especially on technology. The modules are divided in short (1 to 3 minutes) specific subject videos.

It includes online training in subjects such as:

- Microsoft Office 2013 (Office 365, PowerPoint, Word, Excel, Outlook, SharePoint, etc.).
- Other useful software and applications such as: Prezi, Adobe suite, Audacity, Blackboard, Camtasia, Captivate, Customer Service, Final Cut, flipping learning, podcasting, Leadership, SQL, HTML, YouTube for educators, eBooks, iBook, Flipping the classroom, Cloud training, Social Media, etc.
- Soft skills such as: Leadership, Customer Service, Decision making, Effective meetings, etc.

To get access to the site please fill out the form in [here](#). We will contact you soon.

For questions or additional information contact Irene Davis at [idavis@hccfl.edu](mailto:idavis@hccfl.edu) or extension 6460.

After you log in, you will find a large variety of topics. Here are three easy steps to find your topic:

1. Type the topic in the search box.
2. Click Search.
3. Scroll down the page to select your topic, clicking on the title.

You may want to use the advance filters to find other training.
